Advanced Sports Taping

Gain hands on experience of advanced taping/strapping techniques from some of the leading physiotherapists and taping experts working in Australian sport. This course builds on the basic taping skills learnt in the Level 1 Sports Trainer course. It is recommended that all participants have completed a Level 1 Sports Trainer course prior to attending.

Introductory Sports Massage

This course provides an introduction to the theory and practical application of sports and remedial massage. The course covers:

- The benefits of massage and different massage techniques
- The benefits of massage in athletic preparation and recovery
- Injury management and rehabilitation

Spinal Injury Management

This course will teach the acute management of spinal injuries. Experts in the field will cover the following topics in a theoretical and practical setting:

- Background to spinal cord injury
- Treatment of spinal cord injury
- Transporting the spinal patient
- Spinal transport equipment

Concussion Management in Sport

This course is designed to provide participants with the latest industry information, research and management techniques in regards to concussion and head injuries. Information and practical techniques from this course can be used both in the sporting context and in everyday life.
